

Agassiz, Louis

October 14, 1915

Letter from Philadelphia to Hill, from Henry T. Hilyard, a colored man, who sends clippings and reminiscences of acquaintance with Hill in 1866 and with Alexander Paul and Norman W. Kittson (at the Globe Hotel in St. Paul) in 1867, when Hill was "clerk with St. Paul Hatcher[y]".

Enclosed among the clippings is one that mentions a geological tour that Hill made in the Red River Valley with Louis and Alexander Agassiz [about 1870] and which gave him his extraordinary knowledge of the geology of that area.
