December 1, 1897

Hill to C. H. Coster

Re Nor. Pac. earnings and the matter of a one percent quarterly dividend of which Hill approves. Alaska goldseekers number probably 100,000; with their necessary supplies and outfits the N.P. and Great Northern should receive \$4,000,000 equally divided. Kendrick as gen. manager of N.P. and Mellen as pres. are doing well for that road.
