

Angus, Richard B.

February 14, 1883

Hill to Angus

Terrible weather here; of 93 Canadian Pacific locomotives only 40 are fit for use after the storms. We will use our facilities for repairing them and will try to have 50 engines ready for you by the middle of April. Re Manitoba & Southwestern Road. Have had conference with the Schultz party and everything will be settled.

JJH LetterBook, 7/1/82 - 3/15/83, p. 439
