Bierstadt to JJH, General Correspondence

"Should any friend of yours or yourself want this picture by Simmons [?] I can have it sent to me in New York or it might come direct from Paris to St Paul if that can be done The picture is about 20 by 30 inches and the price \$700. which I think is low your friends could scarcely make a mistake and if any assurance is needed I would be willing if they were not pleased to give them a work of mine of equal [sic] value for it."
