

Blake, Boissevain & Co.      December 11, 1897

Blake, Boissevain & Co.    to J.J.Hill.

" A heavy fall took place this week here in the shares of the Anaconda Copper Mine in which, as you are no doubt aware, there is a heavy European interest. The fall was based on the rumours of a heavy decrease in the output of the mines during recent months from which of course conclusions were drawn that the mines were giving out. The agents of the Company here are without any reliable information. Knowing how well you are acquainted with this property ... we beg leave to address you with the request to give us such information as you may be in a position to give."

General correspondence by date.
