

Boissevain, D. G.

June 7, 1904

D.G.Boissevain to J.J.Hill.

Has heard that the Burlington Road plans to construct an outlet to the Gulf from Kansas City, but thinks it might be better to secure an existing road such as the Kansas City Southern Ry "of which the majority of stock is held in Holland."

Believes Hill could secure the proxies of the Holland people, which would give him control of the Kansas City Southern Railway Co.
