

Broadwater, Charles A.

February 12, 1886

Hill to Broadwater

"The 'profile' provided to be filed is a map filed in the Dept. of the Interior at Washington. I note with pleasure what you say about the location as reported by Mr. Dodge - and am sure you will find his work very thorough and accurate... We must determine the coal question fully and have our mines opened by the time the road is ready to haul coal."

JJH LetterBook, 9/12/85 - 3/22/86, p. 781
