G.B. Harris to Hill

Re purchase of certain Missouri roads & previous negotiations about them (Cable of Rock Island, Ripley of the Santa Fe, and I on one side and representatives of Quincy, Omaha & Kansas City, Omaha, Kansas City & Eastern, and Kansas City & Northern connecting roads on the other). "As John Gates & his associates own the property [between Hurdland & W. Quincy] I suppose he is more likely to do this [forms a major temptation for someone to make another line to Kansas City] than the previous owners." "The Omaha & St. Louis R.r. from Pattonsburg to Council Bluffs ... has ... just been taken by the Wabas. Co."
