

1886, February 20

John S. Kennedy to James J. Hill.

Continues subject of the objectionable plan
of Minot described in letter of Feb. 16 re
Fort Dodge & Northern Railroad. His bringing
See Higginson & Co. into the matter would be
just as objectionable as bringing in my Co.
of J. K. Todd & Co. - I forbade that when planned,
because of its close connection with the
Manitoba Co, tho' they were anxious to ready
to take up the matter. Minot must know
he did not originate it.
