

1884, March 1

Kennedy to Hill.

Montreal stock dropped on Thursday
& I could not understand the cause -
traced it out & found that Duncan
McIntyre came down from Montreal
on Wed. with an order from Mr. Donald
A. Smith for 2,500 shares of his stock
which was immediately thrown on
the market. He tried to conceal his mov-
ements by having his brokers who were
really the sellers, pass as buyers but
I had been too long in the Street to be

fooled in that way. It is too bad but
what are we to do? Mr. Stephen has
never answered my letter written
him latter part of Jan. about his Manitoba
stock & I have not heard from him
either directly or indirectly since
that time.
