John S. Kennedy to J. J. Hill.

"Regarding the Mason City and Ft. Dodge Railway, Mr. Shepard, Mr. James, Mr. Thorne and I all feel alike regarding it. We have now been in it for I think about ten years, and have received no return whatever from the investment, and it is one of those cases where we feel that it would be better to face the loss and be done with it, than to continue holding on to it any longer."
