

Coster, C.H.

November 3, 1898.

C.H.Coster to J.J.Hill.

Believes the agitation against the railroads in the Northwest is serious. Discusses paying dividends on No. Pacific common stock. States that "it was hard work to deal with the common stockholder last year," and feels that if "we do not distribute something among them now...we shall provoke such hostility as will seriously jeopardize any possible conversion scheme."
