

Crows Nest Pass Coal Co.

January 14, 1907

Hill to Geo. A. Cox, pres.

Our demand at present from this company is 2500 tons daily - more when our new line from Spokane to Portland is completed. We have a large investment in the company, which, together with that of our friends, constitutes a majority of the shares of the company.

JJH LetterBook, 6/7/05 - 3/11/08, p. 251
