

Des Moines & Ft. Dodge Road      April 24, 1886

Hill to J. Kennedy Tod

J. Alden Gaylord and Roland Shaw were here 2 days ago to look over the extension of the Des Moines Road, and Whitehead was here a day or so later. A Mr. Walker from England is reported to be coming with a view to taking up construction under the old line running toward Willmar. I got this from a friend of mine in the old organization. The line as proposed will not be nearly so valuable as the line to Hutchinson and Litchfield. It is a pity that you could not have arranged the other project.
