

Desert Land Claims

February 19, 1915.

Henry O'Hanlon to J.J.Toomey.

"I am sending under separate cover copy of the little paper published here [Chinook, Mont] it conveys to us the good news of the Desert claim entries that have been tied up by the Reclamation Party which will be adjusted and title given to the settlers. There are over three hundred of such claims held up and this [adjustment] has been done mainly through the kind action of Mr. James J. Hill taking this action up with Secretary Lane two years ago."
