

Elliott, Howard

September 8, 1905

Howard Elliott to James J. Hill.

Re gaining control of the Portland, Nehalem and Tillamook Road. Encloses carbon of letter from C.M. Levey to Howard Elliott stating, "If it is true that the Harriman interests are about to acquire the Astoria Road, I think we should certainly get a line from the connection with our present line north of Portland into the Nehalem and Tillamook Country, and, from the best information I have been able to get so far, I believe that the proposed location of the Portland, Nehalem & Tillamook Railroad is about the best to

be had."
