

Flour-milling - Minneapolis July 1, 1889

Hill to Chas. S. Fairchild, pres. N.Y. Security
& Trust Co., N.Y.

Details carefully the mills and appurtenances of the great flour-milling companies at the Falls of St. Anthony, also elevators owned throughout the country. The 2 waterpower companies (Minneapolis & St. Anthony Water Power Co.) together own the entire power ~~of~~ of the entire Mississippi River. The bonds of the new outfit should be good, "always provided the property was intelligently looked after & kept insured."

JJH LetterBook, 10/22/86 9/21/95, p. 252
