

Gates, F. T.

Aug. 12 & 27, 1895

Writes J.J.Hill re the "unfortunate public sentiment adverse to the Lake Superior Consolidated Iron Mines and other interests of Mr. Rockefeller in Minnesota which have been stirred up by interested parties, through the medium of the newspaper press." Hopes Hill will consult Sam Hill about "a suited person for Mr. Rockefeller to employ, in an effort to distribute the facts, and to correct, as far as possible, this hostile sentiment."
