

Glacier National Park

Aug. 7, 1912

L.W. Hill to his father

Alaska business is very quiet. Taft and Sec. Fisher have closed Alaska and killed the coast trade from Frisco to Canadian boundary. Seattle is quiet; has lost about 20,000 in population. Glacier Park business is remarkably good. Most of it comes from Burlington territory, train 43. Daily attendance is about half the Yellowstone attendance, an average of 70 per day for us. Probably next year we will do more business than Yellowstone.
