

Goodrich, Alice Paris

April 30, 1889

Goodrich to JJH, General Correspondence

Writing from England, Goodrich makes reference to the fact that "you have always showed much kindly interest in me and mine...." Telling a complex story about her sister's husband and his interest in an unworked gold mine in Columbia, Goodrich requests \$2000 to help her sister by purchasing the interest in the mine. In the letter she refers to a Judge Goodrich and the erection of a monument over his grave.
