

Granby Company

October 23, 1912

Jay P. Graves to Hill

Re progress of the Granby Co. September was the best month the company has ever had and the smelter plant is progressing. Many of the early stockholders have died and their holdings have been distributed by their estates. [Geo. F.] Baker and the Clarkes have sold their holdings. Thinks John Ryan might care to make an alliance with him and asks Hill for other suggestions re possible alliances.
