

Grangers - Legislation

July 24, 1886

J. S. Kennedy to Hill

Cost of steel rails from England is \$19.52 per ton, but the duty is \$17 per ton, which is perfectly outrageous. I could write a pamphlet showing the Granger farmers how every industry is protected at the expense of the farmer's grain. "Such a pamphlet could be used with telling effect among the Grangers and before the Legislature at its next session."
