

Great Northern Road - Records      Nov. 7, 1917

George R. Martin to J.J.Toomey

Inquiring for "certain books and papers, which, according to statements made in deeds and paper should be on file with the company." Are these or any of them in "private papers of the late J.J.Hill?" Especially those "re the valuation of the railway properties which have entered into the Great Northern Ry. System."

Toomey's carbon of Nov. 8, in reply, says: "We have no books or papers in our files pertaining to construction accounts of the railroad properties which have entered into the Great Northern Railway system."
