October 9, 1902

M. D. Mann to Hon. J. J. Hill.

"Town Topics will publish on the 30th inst., a very elaborate work on the financial and industrial position of America in relation to the rest of the world. It will treat of the Great railway systems at length. I should like very much to have a photograph of yourself to be produced in connection with a story of the railway system in which you are interested."
