

Gt. Nor. Road-Branches

July 25, 1912

C.B.McMillan to F.R.Crane.

"The Graat Northern Railroad [sic] [Railway] have since 1887 had a branch of their road in this county to Langdon, in 1897 it was extended to Hannah, in 1905 the Sarles Branch was built. The people of this community [Hannah, N.D.] have a very high regard for Mr. Hill... A great many of them are his old neighbors, born and raised near the same town, in the same county as Mr. Hill was born."
