

Gt. Northern Road - Avalanches      March 23, 1910

Samuel Hill to J.J.Hill

Has had a meeting with Gov. Hay of Oregon and J. Lawrence, Rr. Commissioner, in which the disaster [avalanche] blocking the tunnel was discussed. A great shock to Seattle and to the editor of the Post-Intelligencer, since now no communication is surely possible in the winter save by the S.P. & S. Ry.
