

Half-breed scrip

Feb. 1, 1889

Paris Gibson to Hill

The Harriet Young-Dahlgren land claim contest (apparently half-breed scrip is involved) is taken up in this letter & later ones in 1889. Land contests are prominent in all the 1889 correspondence between Gibson & Hill, especially the Sioux half-breed scrip of Seymour Labath who located 80 acres, through D. M. Robbins, for Hill at Giant Springs.
