Carbon. [Toomey] to W. O. Jones.

"You will remember that about five years ago, when Mr. Hill thought of buying 'The St. Paul Globe' for himself and others, he wished to make and did make use of your name in the purchase, and that all but a few shares (647 shares out of 650) of the stock were placed in your name, although you had nothing to do with the business of the paper."
