

Harris, Geo. B.

April 5, 1907

Geo. B. Harris to James J. Hill.

Re the Chicago terminal matters. Believes it is a good case for negotiation. States that "the Terminal can only be profitable to us in giving preference on the traffic of a great industrial and commercial district not now reached by the Burlington Company. The B. & O. is not a competitor of ours and its joint ownership would not only not be injurious, but somewhat beneficial."

Asks if Hill approves of negotiating with the B. & O.
