Hill to E. H. Beckler

Good news from Haskell. "There has been no arrangement in regard to right of way across the reservation, as we do not desire to make the matter public unless compelled to. I think you can arrange it through the Agent, as the Treaty provides that the right of way is under the direction of the president and the Secretary of the Interior."

JJH LetterBook, 10/24/89 - 6/9/90, p. 414
