

Hill, James J.-Address      January 21, 1904

M. O. Jones to W. A. Toomey.

"Mr. Woodlock of the Wall Street Journal published quite an extended extract of Mr. Hill's recent speech at St. Paul, delivered before your State Agricultural Society. The speech created a great deal of interest here, and in discussing some features of it today with Mr. Montagu, son of Mr. Samuel Montagu (a prominent London banker) Mr. Montagu enquired whether we could obtain two or three copies of the full address, in order to mail the same to some of his financial friends in

London. I understand that the speech appeared in toto in the St. Paul Globe, but do not know the date."

[Evidently the speech was printed in the St. Paul Globe, January 14, 1904]. See carbon of [Toomey] to W. O. Jones, January 26, 1904].
