

Hill, J. J. - Biographi 1 data Dec. 4, 1906

"Statement given to various publications by
and for J.J.Hill."

Evidently so many requests came into Hill's
private office in his later years, that he
made out a sort of prototype of the answers
that his clerks might make in reply. The
preserved copy has been revised by Hill.

In half-size box marked, "Historical and Bio-
graphical Data."
