

Hill, James J.-Lawsuits

May 27, 1901

Carbon. [Toomey] to Elmer E. Adams.

"I have been informed that you looked over the plant and assets of the St. Paul Globe a few years ago, and that you made an estimate on the property. Will you kindly let me know in round figures. just what it was, as the question of value may come up in a law suit, in which Mr. Hill is defendant, within the next few days, and we are anxious to prove that the property in question would bring a very small sum if offered for sale."
