

Hill, James J.-Experimental
Farming

March 8, 1915

Chas. Haralson to James J. Hill.

"Dean A.F.Woods of the Experiment Station (University of Minnesota) has informed me that the Board of Regents have voted to send you some of our new varieties of plums, to be planted on one of your farms as an experimental orchard."

Also see letter from Chas. Haralson to James J. Hill, April 16, 1915, stating, "I am sending you by express today 50 hybrid plum trees, to be planted on one of your farms."

Toomey File

(see back of card)

Also see carbon of letter from "JJT" to
Chas. Heralson, April 17, 1915
which states, "The trees were received on
Saturday, last, and were immediately taken
out to Mr. Hill's North Oaks Farm."
