

Hill, J.J.-Gifts To      September 6, 1905

E.J.Babcock to J.J.Hill.

Has sent the tankard set which was presented to Hill on August 30.

States that it "was made especially for you from North Dakota clay. I gathered the clay, analyzed and prepared it and had it hand made and hand decorated in the best manner in one of our large eastern art potteries. You will see the artist's name on the pieces and 'Dakota' stamped in the bottom of each."
