

JJH - House: 240 Summit, St. Paul

Jan. 23, 1897

B. L. Freedy to Healion, General Correspondence

"Referring to the working of the telephone in Mr. Hill's residence, I find that whatever trouble there is is due to the fact that the house and the barn are so situated that they should not properly be on the same wire, and no improvement can be made except by giving them separate wires."
