

Hutchinson Branch

June 15, 1880

Hill to Lewis Harrington, Hutchinson, Minnesota

Re a railroad to Hutchinson. "Our Company would be very glad to build into your Town. The question ... is... from what point to start. We are building a Road through to the West side of Lake Minnetonka which will be completed in a couple of months, but whether it will be better to extend that line along to Hutchinson or run a line from Waverly or some other Station West of there is a matter that can only be decided by personal examination of the ground."

St. P. M. & M. Ry. Letter Boo 1(5/3 - 10/2/80)p.478
