

India - Resources

Sept. 7, 1885

Hill to J. S. Wheelock

Report is made by a man who is stationed at the government agricultural station at Cawnpore, India, where he has unusual advantages for getting the facts. He is formerly from Massachusetts. It was agreed with him last year that he should make such a report, as I wanted to know what competition I should expect from India. I think I will order 500 copies of the report mad

JJH LetterBook, /3/15/85 - 9/8/85, p. 885
