

Kittson County lands

March 24, 1884

D. H. Valentine to Hill

Herewith "a rough map of the principal portion of our land in Kittson Co." Describes marks and legends on map. "There are now plowed 3060 acres, of which 2152 are on Ry land and 908 a acres on land obtained of other parties. Of the land now ditched... 3835 acres (2612 on Ry land & 1223 on other land) Our contract with the Ry Co requires us to break and crop 6000 acres within 6 yrs. from June 26/82 and to make ditches on all the lines indicated within same period... If you desire to make stock raising a branch of our farming enterprise, I will heartily concur in any plan that effect.
