

Knuppe, John

January 15, 1887

Copy. John Knuppe to James J. Hill.

Has been informed that "two pre-emption filings covering land bought by you and now part of your large farm in Kittson County are being contested."

States that the case will be heard in March. Suggests that John Cromb, ex-register of the land office at Crookston be retained as Hill's lawyer since he feels that "if an attorney had charge of the business who is not familiar with the details, the contestant might win."
