

Lathrop, Katharine Stuart

November 16, 1889

Lathrop to JJH, General Correspondence

Beseeches JJH to do business [insurance?] with her despite his indicated desire not to be involved. "Of course you might say you have no need of such investment, but please then, make it as an investment for sake of a woman, who has need of kindness at the hands of the nobler class of man. I wish you would honor me by calling on me. I am a lady. Would you come and tell me no--my hope of writing you can never be realized--then indeed would I recognize defeat--in that direction. Please be kind."
