Le Doux to James J. Hill.

The manager of the Trail smelter is in New York requesting rates on copper matte. This smelter is controlled by friends of the Canadian Pacific Road, and is sending its products East over the C.P. line.

Is planning to buy Phelps' share of [Phelps, Dodge Co.][?] on the strength of Hill's promise to subscribe one third of the \$60,000 De Doux will need. Will have to make the first payment in November.

General Correspondence y Date.
