

Longyear, John M.

September 20, 1906

Hill to Longyear, Brookline, Massachusetts

I am informed that United States Steel Corporation is desirous of taking up the negotiations which were broken off last February and is prepared to accede to terms which we then proposed and they rejected. Judge Young is now here and we are getting ready to resume negotiations. Should be pleased to have you come over and be here Monday so that we may confer together.
