

Carbon. J.J.T. to D. Miller.

"The ore claims near Wickes, Montana, in which Mr. James J. Hill is interested, are seventeen in number. More or less prospect work has been done on a number of these claims but the most of the work has been centered, on the claim known as the 'Magnet,' on which a tunnel has been driven 575 feet in length, with several cross-cuts. This work was discontinued nearly two years ago, but the tunnel mentioned has been kept open and in shape for inspection...
