

Manitoba Road - Bonds

December 27, 1880

R. B. Angus to J.S. Kennedy & Co.

Re selling my second mortgage bonds."I did not intend to convey the idea that Mr. Hill wanted to sell any of his bonds.He is not in want of money for his own purposes,but would willingly place his bonds at disposal of the Ry.Co.to facilitate its financial arrangement.The same may be said of the other Associatesand the propriety of seizing a favourable opportunity for converting a portion of their holding into cash will have to be considered.The Co. will have other equally good securities to give in exchange in course of next spring!"
