

Manitoba Road - Charter rights Feb. 5, 1887
Hill to Staples Bros. & others, Manannah, Minn.

"Our company is differently situated from ...
any other company in the State. The stockholders
receive no benefit from any extension of our
lines, our capitalist stock being limited by the
terms of our charter, all of which was issued
years ago and instead of bringing the stock-
holders any increase in stock or dividends, any
extensions merely bring increased responsibil-
ities and trouble."
