

Manitoba Road - Equipment      October 15, 1888

Hill to Hon. L. F. Hubbard, Red Wing, Minn.

"Mr. Jarvis tells me that you may have use for a number of switch stands and that he desires to furnish you. We have used his stand & tested it fully in every way and after close attention for a long time to this question I am satisfied that he has the best, strongest and least liable to get out of repair of any stand that I know of."
