

Manitoba Road - Land grants      November 2, 1886

Minot to J.S. Kennedy

Lists unsold land. "There are due to us in round numbers for the fulfilment of the St. Paul and Pacific grant, 1,000,000 acres, of which we may be lucky to get one-half, and of the Minneapolis and St. Cloud grant about 300,000, which in time we can probably secure satisfactorily. In both cases incompleteness of the United States surveys is a hindrance." (Encloses copy of Fred Brackett's report on these matters from Washington, D.C. Bracket signing himself, "Fred Brackett, Selecting Agent.").
