

Meagher, Hon. Jno. F.

February 4, 1883

Hill to Meagher, Mankato

"Whenever I need my friends, I call on them & the present is a time when we want help in behalf of the Railroads. Come down if you can for consultation. Matter is one of great importance to us all and after talking subject over with Sabin, Fletcher & others I know of no one else with whom we can consult so fully and whose advice will be of so much service."
