

Milaca, Minnesota

March 1, 1901

J.H.Probst to W.C. Toomey carbon copy

Re building a new combined grade and high school in Milaca; the excellent financial and economic conditions there and fine prospects for the future, in contrast to the corrupt regime before the Independent School District was created and a new board chosen; facts and figures about population, settlers, the Foley-Bean sawmill. Needs advice as to placing bonds (\$15,000) to best advantage.
